REASONING

SUKOON CARE
FRAMEWORK

Mentored by
DT. PALLAVI RAGHUWANSHI

SUKOON - TIANA HEALTHCARE

Unlike traditional nutrition courses focused mainly on diet planning, this program builds the clinical foundations required for Women's Health specialization.

ASSESS CONFIDENTLY

Use a structured approach to understand women's health cases.

THINK CLINICALLY

Connect anatomy, hormones, symptoms and evidence instead of treating symptoms in isolation.

PRACTICAL MENTORSHIP

Turn knowledge into confident consultation skills through live specialist-led sessions.

BUILD AUTHORITY

Create a clear foundation for a niche Women's Health & Fertility practice.

THE SUKOON DIFFERENCE

Become part of the top 5% of nutrition professionals who assess confidently, think clinically and build authority in Women's Health & Fertility.

What makes this program different?

The focus is not simply on meal plans. It strengthens clinical observation, structured reasoning, evidence literacy and specialist positioning.

LIVE SPECIALIST-LED INNER CIRCLE SESSIONS

1-YEAR ACCESS

Weekly sessions with Dt. Pallavi Raghuwanshi focused on practical consultation skills using the SUKOON CARE Framework.

MODULE 01**Female Anatomy Foundation****MODULE 02****Hormone Control of Female Health****MODULE 03****Gut-Brain-Uterus Axis****MODULE 04****Infertility Rise & Its Causes**

LIFETIME ACCESS TO RECORDED PROGRAM
